

Directions to Workshop Dinner (Massimino's Restaurant, 7:30 PM)

By Taxi (~\$25 round trip)

Ask for 207 Endicott Street in the North End (Massimino's).

By Subway (\$4 round trip)

In the transit station, use a kiosk to buy a “Bus and Subway Ticket” with \$4 stored value. This will be good for two rides (round trip).

From Howard Johnson/Fenway area

Out of the Howard Johnson, take a **left on Boylston St** (East, toward Ipswich St & Shell gasoline), continue past Ipswich St, and continue right on Boylston as it meets Charlesgate. Continue a couple more blocks and turn **left on Massachusetts Avenue**. On the right, after crossing the bridge over the highway, will be the **Hynes T stop**. You want to head **Inbound** on a train that says **Lechmere** or **North Station** and take that about six stops to **North Station**. (A Gov't Center train does not go far enough.)

Now jump to *From North Station...*

When you return, you will take any **Inbound Green Line train except E** to get back to **Hynes**. From Hynes, cross the Mass Ave bridge and turn right on Boylston. Keep left as you pass Charlesgate and keep right as you pass Park Dr.

From Northeastern area

Get on any **Inbound** train from any of these stations on the Green E line or Orange Line: Museum of Fine Arts, Northeastern, Symphony, Prudential, Ruggles, or Massachusetts Avenue. Take that train to **North Station**. Return from North Station will also be **Inbound** on a Green E train or Orange line.

From North Station

Take any exit from North Station that says “**Causeway St.**” Causeway is 4+ lanes wide. Head toward and pass through the open green space on Causeway St. You will notice a highway and beautiful bridge on your left. At the next traffic light, you will follow the 90 degree right turn onto Endicott St. Massimino's is visible from the intersection on the far side. Look for dark red banners on a brick building.
